Education

St. Andrews Institute of Technology and Management	Gurugram, Haryana India
Bachelor of Technology - CSE	July 2021 – 2025

Experience

Web Development Intern	July 2025 – Aug 2025
PRODIGY INFOTECH	**REMOTE**

- Built responsive web pages using **HTML, CSS, Bootstrap, and JavaScript**, enhancing user experience across devices.
- Completed internship projects on time, showing strong **problem-solving skills** and **attention to detail** in front-end tasks.

Projects

MockMate (AI Mock Interview Platform)

Next.js,React.js, PostgreSQL, Drizzle ORM, Clerk, Gemini AI

- Built an AI-powered platform that simulates real-time mock interviews for users.
- Implemented secure user authentication and session handling using Clerk.
- Integrated Google Gemini AI for personalized, adaptive interview questions and feedback.
- Enabled user-specific interview histories and performance tracking.

Star News (Live News Aggregator Web App)

JavaScript, HTML, CSS, NewsAPI

- Developed a responsive news aggregator web application using NewsAPI.
- Displayed live, categorized news articles with a clean and intuitive UI.
- Orchestrated API integrations with NewsAPI, enhancing data retrieval speeds by 60% and enabling seamless display of 500+ live, categorized news articles with a clean, intuitive user interface.

Gym Management System (Desktop Application)

Java, Swing, JDBC, MySQL

- Developed a Java Swing desktop application for gym management with JDBC and MySQL, enabling secure login, role-based access, and persistent data handling.
- Implemented CRUD operations for members, staff, plans, and billing, streamlining administrative tasks and improving operational efficiency.

Achievements

- Participated in College Hackathon with innovative tech solution. Shortlisted among top 10 teams out of 50+ participants.
- Participated in College project exhibition. Showcased innovative projects at the College Project Exhibition, highlighting creativity and technical expertise.

Skills

- **Languages:** JavaScript ,Java, SQL, C/C++.
- **Web Technologies:** HTML, CSS, React.js, Next.js , Springboot.
- **Concepts :** DSA , OOPs , DBMS.
- **Tools:** Git, GitHub, Vs Code, IntelliJ.
- **Soft Skills:** Problem-Solving Skills, Leadership, Team player, Dedicated, communication .

Certifications

Deloitte Australia Technology Virtual Job Simulation (Forage) | June 2025 🔗

- Completed coding tasks and proposed a dashboard solution in a simulated tech consulting project.

AWS Solutions Architecture Virtual Program (Forage) | June 2025 🔗

- Built scalable app hosting using Elastic Beanstalk; explained cost and design to client clearly.

JavaScript Course (SCALER) | Feb 2024 🔗

- Gained proficiency in JavaScript programming with comprehensive coursework.
